FINANCIAL REVIEW

The audited financial results for FY 2022 and FY 2023 are tabulated as follows:-

		FY 2022	FY 2023		Cha	nge	
	ı	RM' million	RM' million	ı	RM' million		%
Revenue		124.62	70.19		(54.43)		(43.68%)
GP		19.74	16.05		(3.69)		(18.68%)
PBT	11.711	6.7 4 ²	3.62	(8.09)1	(3.12)2	(69.09%)	(46.29%)2
PAT	10.471	6.03 ²	2.47	(8.00)	(3.56)2	(76.41%)1	(59.4%)2

Note:

- (1) Consist of gain on disposal of leasehold industrial land of RM4.97 million [refer chart FY2022(1)]
- (2) For comparison purposes, without the gain on disposal of RM4.97 million and tax effect. [refer chart FY2022(2)]

Financial year 2023 has been another challenging year since 2022, slow recovery of national economy, the rise of inflation, surge in energy and food prices, tightening financial policy in most countries, geopolitical tensions are all impact heavily on the recovery of global economy. The International Monetary Fund ("IMF") reported slow global Gross Domestics Product ("GDP") economy growth of 2.6% in 2023 (3.2% in 2022) and Bank Negara Malaysia ("BNM") reported Malaysia economy grew slower than expected Malaysia, GDP growth of 3.7% for year 2023 (8.7% in 2022) as export remained slow, challenging global environment and currency pressure.

The prospects of Malaysia logistics industry are closely aligned with the performance of global and Malaysia economy, our Group generated revenue of RM70.19 million in FY 2023, decrease of 43.68% from FY 2022 of RM124.62 million, mainly due to the downward trend of international shipping air and sea freight rate. Corresponding to lower revenue, profitability performance for FY 2023, PBT decreased by 69.09% from RM11.71 million to RM3.62 million and PAT decreased by 76.41% from RM10.47 million to RM2.47 million, higher PBT and PBT in FY 2022 mainly due to gain on disposal of leasehold industrial land of RM4.97 million.

Overall, our Group's financial performance for FY 2023 is stable based on the situation of weak global and national economy. Our management is focusing on expanding our assets based for future expansion of warehousing segment during FY 2023, our Group is in healthy financial position with total assets at RM168.51 million (RM151.06 million, FY 2022), current ratio at 1.79 times (2.01 times, FY 2022) and gross gearing ratio at 0.63 times (0.45 times, FY 2022).

With the commenced the operation warehouse 3 in first quarter 2024, our management is positive on the performance outlook of year 2024, especially new source of income from warehousing and 3PL services.

Total equity stood at RM92.65 million (RM91.23 million, FY 2022) and net asset per share of RM0.56 (RM0.55, FY 2022) as at 31 December 2023.

OPERATIONS REVIEW BY BUSINESS SEGMENT

The business segment FY 2022 and FY 2023 are tabulated as follows:-

	FY 2022		FY 2023		Changes	
	RM'000	%	RM'000	%	RM'000	%
Sea Freight	88,758	71.2	32,926	46.9	(55,832)	(62.9)
Container Haulage	21,854	17.5	27,364	39.0	5,510	25.2
Warehousing	2,304	1.8	5,690	8.1	3,386	147.0
Forwarding	2,217	1.8	2,386	3.4	169	7.6
Air Freight	9,254	7.4	1,508	2.1	(7,746)	(83.7)
Marine Insurance	237	0.2	317	0.5	80	33.8
Total	124,624	100	70,191	100	(54,433)	(43.7)
Malaysia	101,662	81.6	64,947	92.5	(36,715)	(36.1)
Overseas	22,962	18.4	5,244	7.5	(17,718)	(77.2)

For FY 2023, top 3 business segments are sea freight contributed RM32.93 million or 46.9%, container haulage contributed RM27.36 million or 39.0% and warehousing contributed RM5.69 million or 8.1% to revenue. Of the rest, revenue from freight forwarding is 3.4%, air freight is 2.1% and marine insurance contributed 0.5% to revenue. Beside the revenue contribution from air freight and sea freight reduced mainly due to the downward trend of international shipping air and sea freight rate, other segments shown increased in FY 2023, especially from container haulage and warehousing segment.

Malaysian operations contributed RM64.95 million or 92.5% while overseas operations contributed RM5.24 million or 7.5% to FY 2023 revenue.

The slow recovery of global and national economy has inadvertently weakened the demand of logistics services during the financial year. The intense competition amongst the logistics services providers and increase of fuel price during the financial year also resulting in our Group having to adopt more aggressive pricing policies and prudent cost control measures to secure more businesses. We have managed to overcome the challenges with sustainable revenue and profitability for FY 2023 by focusing on other business segments other than air and sea freights.

DIVIDEND

It is the policy of our Board in recommending dividends to allow shareholders to participate in our profits, as well as to retain adequate reserves for our future growth based on our Group's yearly financial performance and compliance of legality requirements. Our Board intends to continue adopt a dividend pay-out ratio of 30% of our consolidated profit after tax attributable to shareholders excluding non-recurring income for each year subject to the review of working capital requirements and maintaining of healthy operation cash flow. For FY 2023, our Board approved and declared 1 time single-tier interim dividend of 0.35 sen per ordinary share totalling RM0.581 million.

BUSINESS RISKS AND & MITIGATION MEASURES

We may expose to certain anticipated or known risks that may affect our operations, business performance and financial condition. Our Group's approach to managing risks is to review risk management and business sustainability framework which includes process and policies aimed at addressing and mitigating risks at the same time sustaining growth of our Group's objectives.

Business and market risk

Logistics industry are closely aligned with the performance of global and Malaysia economy. At the time of reporting, the local and global post covid-19 pandemic economic outlook heading positive recovery but the prolong of Russia-Ukraine war, global inflation and major central banks tightened policy deteriorating the recovery of global economy.

Our Group recognises these ongoing potential risks to the market environment and will undertake appropriate monitoring and measures to mitigate the negative impact from the current situation. Business diversification continues to be one of our strategies to ensure sustainable and long term growth. Our expansion of warehousing services since mid-2021 has generating positive source of income into our Group's revenue and we received high demand of our warehousing services during FY 2023 which we will continue focus on developing in this business segment.

To reduce risk of losing any of our major customers, we continue to build close partnerships and provide fast respond to their requirements. At the same time, we are developing new customers to increase our market shares and focus on improving our cost efficiencies in order to boost our revenue and improve our profitability margin.

Our Group's business plan mandates to diversify our customer base so that we are not totally reliant on any single customer, industry or sector. To lessen the risk of a loss-producing account, we work with our customers to revisit the terms, conditions, validity and rates, while taking the necessary measures to manage costs.

Operational risk

Our business operations under the provision of container haulage services exposes us to the risk of road accidents or traffic interruptions and thus, disrupting our business operations. Our Group recognises these ongoing potential risks and we have implemented preventive measurements such as vehicle tracking, fuel management and vehicle maintenance system to monitor each of our fleet's condition. Besides, it is our requirements for new driver to undergo on the job training before on the road by himself. We also organised training to our driver by the expert trainer from the fleet maker in term of safety and efficiency of handling the fleet.

Our business operations under the provision of warehousing services exposes us to the risk of loss of assets as a result of fire and theft. Our Group recognises these ongoing potential risks and all our warehouses are required to follow a rigorous fire safety inspection and certification. On top of this, smoking is strictly prohibited at our warehouse facilities and we have allocated specific storage spaces for highly flammable cargo and materials. Our warehouse and safety teams have oversight for fire safety management and responsible for ensuring all firefighting systems and equipment are properly maintained.

Financial risk

We are proactive mitigating the liquidity and cash flow risk by centralising our cash management for better control at our head office, ensuring that all our business units have sufficient levels of liquidity for our operating, investing and financing activities.

We practice close monitoring of our receivables collection with formal credit control system. We also mitigating our foreign exchange risk by reviewing our exchange rate quoted weekly in our billing system and we practise natural hedging methods to reduce the exchange loss.

We have always taken a conservative approach in managing our finances, prudent in capital expenditures planning and monitor closely on our credit exposure to mitigate potential financial risks.

Information and system risk

We face the risk of cybercrime, loss of business data, system crashing due to computer viruses. To mitigate the risk, we engaged external IT maintenance service providers to monitor our system, ensure up to date anti-virus solutions, and we undertake automatic daily backup of our data to external server. Besides, each key personnel also provided with external hard drive and required to back up their individual data regularly. Furthermore, security measures were deployed to protect confidential information and unscheduled disaster recovery plan also in practise by our internal IT department as part of risk management practices.

BUSINESS OUTLOOK

In January 2024, the World Bank projected global GDP growth to slow from 2.6% in 2023 to 2.4% in 2024, reflecting slow recovery of global economy, ongoing impact of Russia-Ukraine war, tight monetary policies to rein inflation, restrictive financial conditions and weak global trade and investment.

The World Bank maintained its 2024 forecast of Malaysia economic growth at 4.3% amid deceleration in external demand. In 16-February-2024, BNM reported Malaysia economy grew slower than expected in fourth quarter of 2023 at 3% as export remained slow, challenging global environment and currency pressure. Full year GDP was 3.7%, below the government's projection of 4%-5% and 2022's 8.7% growth. The Ministry of Finance insisted that Malaysia's economy will expand 4%-5% in 2024 backed by strong fundamental and reforms.

We recognised the current unfavourable development of global economy and challenging recovery of national economy. We having practising diversification of our activities and customer base to minimise our risk. Besides, we will continue to maintain our strength to develop more new customers locally and globally, improve our cost efficiencies and maintain our excellent customer services to boost profitability. Furthermore, we will be more prudent in expanding our logistics capacity and continuing develop new opportunities for enhancing long term business.

We have completed our new warehouse 3 in Pulau Indah Industrial Park ("PIIP") in December 2023 and fully in operation in first quarter 2024. As disclosed, the modern warehouse facility features approximately 125,000sf warehouse storage space and is able to cater up to 20,000 pallets with 24 loading bays and a 3-storey office building of approximately 15,000sf. With addition of new warehouse 3, our warehouse space expanded more than double from the current 113,000sf to 238,000sf.

In line with our Group expansion pipe line, we have executed Sale and Purchase Agreement on 31-January-2024 with PIIP developer, Central Spectrum (M) Sdn Bhd for the proposed acquisitions of 3 parcels of leasehold lands approximately 12.85 acres which located in PIIP phase 3B for an aggregate cash consideration of approximately RM42.00 million. Estimated delivery of vacant possession by January 2027, The Group intended to further expand warehousing services in the next 3 to 5 years.

In our effort of continuing upgrade our services quality, our Group also obtained Authorised Economic Operator ("AEO") certification by Royal Malaysian Customs Department and Asia Pacific Transported Asset Protection Association ("TAPA") certification certified by British Standards Institution. We believe continued improvement activities will contribute positively to the future earnings of the Group by offering certified reliable, more efficient, cost and time savings services to our existing customers and gain confidence from potential new customers.

As our Group move forward on our journey to attain sustainable long-term growth, we are determined to overcome all internal and external challenges and continue to explore new areas of opportunities. We are confident that Tri-Mode will continue to be resilient and rise above the challenges with better performance during FY 2024, our approaches going forward will continue to deliver good financial return for our Group and enhance shareholders' value.

Dato' Hew Han Seng Group Managing Director

SUSTAINABILITY STATEMENT 2023

We perceived corporate sustainability which emphasized on Environment, Sosial and Governance ("**ESG**") as our commitment to create long-term value for our shareholders, environment, economic and society through innovation and overall operational excellency. We understand our choices today have an impact on our customers and suppliers and the success of their businesses in the future.

Scope and Framework

Tri-Mode initiated this ESG reporting framework before the proposed timeline for ACE Market on FY 2024 to strive our commitment to ESG and to accumulating more relevant data on ESG.

This Statement presents our Group's sustainability strategies and performance of our business operations in Malaysia for FY2023. We have conducted material matters assessment in relation to the ESG. Further information on the said material matters will further elaborate in this statement.

This Statement has been developed according to Bursa Malaysia Securities Berhad's Listing Requirements, with reference to Bursa Malaysia's Sustainability Reporting Guide (3rd Edition), Global Reporting Initiative ("GRI") Standards, Task Force on Climate-related and Financial Disclosures ("TCFD") Recommendations.

We welcome stakeholders' comments and feedback on this statement for our continuing improvement in our sustainability reporting standard, please email to corporate@tmsgroup.com.my for any feedback related to this report.

Governance Structure

Our governance of sustainability comes from the top of our organisation. The Board is the highest authority accountable for the Group's sustainability and performance. Our Board is responsible for reviewing overall implementation of sustainability initiatives and governance matters which are considered as material to our Group's businesses and stakeholders.

Our ESC team is responsible for developing and implementation of sustainability strategy, stakeholder engagement process, materiality assessment, management of material sustainability matters and preparation of sustainability disclosures.

Stakeholders Engagement

Our Group recognises the importance of various stakeholders' concern on sustainability matters, especially in the process of identifying what is deemed material to our Group. Engagement with the stakeholders will assist in better understanding on the sustainability expectations that allows our Group to properly plan and implement improvements in those areas deemed most important to all concerned.

During the financial year under review, we engaged our stakeholders via several channels and through selected activities, which are listed below:

Stakeholders	Areas of concerns	Engagement Approaches

Our Group is continuously on the lookout for growth and expansionary opportunities with a view to maximising profits, increasing wealth, creating jobs and optimising investment returns for our stakeholder and investors. Our Group focuses our strength on customer satisfaction and our network in marketplace.

Customer Satisfaction

Other than taking care of our shareholders' interest, our Group also put attention towards our customers which we value our customers' feedback and continuously enhance our market position and profitability. Products and services delivered to customers must be of the required quality that meets our customers' expectation. We also promote a culture of open communication, trust and reliability to build strong relationship with our customers.

Business Partners Management

Our Group has an established procurement procedure for acquiring shipping space, assets purchases, repair and maintenance, transportation and other products and services. The procedure incorporates an assessment of new and existing vendors covering among others, quality of service, competitive pricing, efficiency, knowledge and skills, financial stability and market reputation.

The objective is to maximise value creation by reducing supply chain costs, improving transactional processes and efficiency, maintaining long-term relationships with suppliers, and complying with the applicable laws and regulations.

Our Group also focus on green procurement guidelines which recognise its responsibility and commitment to continuously improving its environmental credentials. This is achieved through use of renewable energy, energy efficiency products, waste management, pollution prevention and supply chain efficiency.

Marketplace

Our Group is continuously committed to promote and maintain transparency, accountability and ethics in the conduct of our business and operations with our stakeholders, including our government and authorities, shareholders and investors, customers, suppliers, employees and communities.

We are committed to engage with port authorities, Selangor Freight Forwarders and Logistic Associates and Association of Malaysian Hauliers to fine-tune our long-term plan in the industry. Our main reason on joining the trade association is to keep abreast with the latest changes to rule and regulations besides maintaining our networking which not only with the authorities but also with the competitors in order to compete in a healthy way.

Our Group aims to develop and foster good relationships, trust, mutual respect, understanding with our stakeholders who have an effect on, or is affected by our businesses. Our Group has introduced various channels to engage with our stakeholders to understand and respond to their expectations and interests with regard to our services and operations.

MATERIAL MATTERS

Our material matters influence our business strategy and decision on allocation of resources to material sustainability issues. While we aim to conduct a comprehensive materiality assessment once every 3 years, we undertake an annual review of the relevance of our previously prioritised ESG impacts arising from our day-to-day activities.

We have adopted three step approach to conduct our materiality assessment:

- (1) Identify sustainability matters from Group's operations
- (2) Assess the important of the identified matters from both our Group and stakeholders' perspectives
- (3) Prioritise in accordance with the degree of impact to our Group and stakeholders.

Based on assessment, we have identified 10 material matters as per following table:

Emission

It is undeniable that transportation contributes the most emission among all the components of logistics services. Our Group maintains close monitoring of carbon emissions from our business activities in line with the Environment Quality (Clean Air) Regulations 1978's requirements under the Department of Environment ("**DOE**").

We have taken steps to control and reduce our diesel/fuel consumption as per following:

- Regular service and maintenance works on our Group's vehicle and periodic inspection by Pusat Pemeriksaan Kenderaan Berkomputer ("Puspakom") had been conducted to mitigate the risk of unnecessary breakdown, met the dark smoke release standard which might cause air pollution by the faulty vehicle as well as minimise the possibility of accidents and traffic interruption.
- Haulage Management System was introduced to our Group to monitor and remind the drivers to switch off their engines as opposed to leaving it on while idling to reduce diesel consumption.
- Plan journeys effectively and encourage drivers to drive safely and efficiently to reduce fuel costs and improve the environmental and safety performance.
- Reduce emissions by our vehicle fleet via maintenance program and ensure new purchase of new trucks that have EURO engine specifications to lower smoke emission levels.
- Use of battery-operated handling equipment and gas powered forklifts to reduce noise and pollution.

Energy

It is always our Group's internal policy to reduce the consumption of energy in our business premises. We have taken steps to control and reduce our energy consumption as per following:

- Use of solar power energy solution to reduce our energy consumption costs via utilisation of natural resources.
- New warehouses designs to take maximum advantage of natural lighting.
- Use of LED lightings thereby reducing heat and chemical emission.
- Use or purchase of office equipments with energy saving features.
- Maintaining only minimum lightings and air conditionings during lunch hour.

Waste

Our Group practising waste segregation in our operations. We have appointed a licensed contractor who is registered with the DOE scheduled to collect waste for recycle and further treatment.

The following efforts are being carried out:-

- Licensed contractor to collect used lubricating oils from our workshop.
- Licensed contractor to collect recyclable waste for further treatment.
- Rainwater harvesting system attached to the office and warehouse building for saving and reuse of rain water.
- E-waste such as non-function computers, printers and batteries are collected for specific recycle purposes.
- Transitioned to digital document distribution to reduce printing of papers.

The Group recognizes that pollution prevention, biodiversity and resource conservation are keys to a sustainable environment and will effectively integrate these concepts into our daily business operating decision making.

SOCIAL

Corporate social initiatives are taken on key areas involving the employee welfare and workplace and also community engagement.

Employment Management

Tri-Mode believes that our employees are our most valuable assets and driving force to our business success and growth. The responsibilities of the Board are inclusive of but not limited to:

- Reviewing and adopting strategic plan for the Group;
- Promoting good corporate governance and an ethical culture across all levels of the Group;
- Reviewing and approving annual and quarterly financial results;
- Overseeing the conduct of business and financial operations;
- Overseeing succession planning for the Board and key senior management personnel;
- Identifying principal risk and ensuring the implementation of appropriate internal controls and mitigation measures; and
- Promoting and maintaining effective and timely communication to its stakeholders.

The Board had also established the following three (3) Board Committees to assist the Board in carrying out its fiduciary duties:

- a) Audit and Risk Management Committee ("ARMC")
- b) Nomination Committee ("NC")
- c) Remuneration Committee ("RC")

The powers delegated to the Board Committees are set out in the Terms of Reference of each of the Board Committees as approved by the Board. The Terms of Reference of each Board Committees are available on the Company website at www.trimode-malaysia.com.my.

1.2 Chairman

The Chairman of the Company is an Independent Non-Executive Director and responsible for the leadership, effectiveness, conduct and governance of the Board. The Chairman is committed to good corporate governance practices and has been leading the Board towards high performing culture.

1.3 Position of Chairman and Group Managing Director

The positions of the Chairman and Group Managing Director are held by different individuals. The roles are separated with a clear division and responsibilities between them to ensure balance of control, power and authority. The Independent Non-Executive Chairman is primarily responsible for orderly conduct and effective running of the Board, whilst the Group Managing Director and Executive Director is responsible for the business direction and development of the operating units, organisational effectiveness and implementation of the Board's policies and decisions with the management team oversees the Group's day-to-day operations.

1.4 Chairman of the Board should not be a member of the Board Committees

Following Practice 1.4 of the MCCG whereby the Chairman of the Board should not be a member of the Audit and Risk Management Committee, the Company is of the view that Dato' Markiman Bin Kobiran, the Chairman of the Board is able to exercise his independent and objective view, and also to provide suggestions to the Company based on his vast experiences, despite of his role as the Chairman of the Board as well. Alternatively, the Board will look for suitable candidate, if there is a necessity on it.

1.5 Qualified and Competent Company Secretaries

The Company Secretaries play an advisory role to the Board and is responsible to ensure all Board procedures and Board management matters are in line as well as in compliance with AMLR, relevant laws and regulations. The Company Secretaries ensure that discussions at Board and Board Committee meetings are well documented, and subsequently communicated to the relevant party for appropriate action.

1.6 Access to Information and Advice

The Board members have full and unrestricted access to information on the Group's business and affairs in discharging their duties.

The agenda for each Board meeting and its relevant papers relating to the agenda items are forwarded to all Directors for their perusal prior to the Board meeting. Adequate notice is provided to allow the Directors to review the Board papers so that matters arising could be properly deliberated at the Board meetings and appropriate decisions could be made by the Board. Senior Management and appointed advisers of the Company may be required to attend the Board meetings as and when necessary.

DEMARCATION OF RESPONSIBILITIES

2.1 Board Charter

The Board Charter provides guidance to the Board in the fulfilment of its roles, duties and responsibilities which are in line with the principles of good corporate governance. The Board Charter was adopted by the Board on 7 March 2018, and last reviewed on 18 April 2023.

The Board Charter would be periodically reviewed and updated in accordance with the needs of the Company and any new regulations that may have an impact on the discharge of the Board's responsibilities. The Board Charter is available on the corporate website at www.trimode-malaysia.com.my.

GOOD BUSINESS CONDUCT AND CORPORATE CULTURE

3.1 Directors' Fit and Proper Policy

The Directors' Fit and Proper Policy was adopted by the Board on 18 April 2023 to ensure a formal, rigorous and transparent process for the appointment and re-election of directors of the Group.

Members of the Board provide strategic leadership that influences the future direction and financial position of the Company. Directors are required to carry out their responsibilities with full competence, character, diligence, integrity and judgement.

This Policy serve as guidance to the NC and the Board in their review and assessment of candidates that are to be appointed onto the Board as well as Directors who are seeking for re-election, to ensure that the Board is led by persons of integrity, credibility and competency. The Directors' Fit and Proper Policy is available on the Company's website at www.trimode-malaysia.com.my.

3.2 Code of Conduct and Ethics

The Code of Conduct and Ethics, serves as a road map to guide the Board in carrying out their duties and responsibilities to the highest standards of personal and corporate integrity and comprised all aspects of its day to day business operations.

Directors and employees of the Group are expected to adhere to high standards of integrity and fair dealings in relation to clients, staff, management and regulators which the Group operates and ensure compliance with all applicable laws, rules and regulations. The Code of Conduct and Ethics last reviewed on 18 April 2023 and is available on the Company's website at www.trimode-malaysia.com.my.

3.3 Whistle Blowing Policy

The Board recognises the importance to put in place a Whistle Blowing Policy, which provides an avenue for the employee to make good-faith disclosure and report instance of unethical, unlawful or undesirable conduct to enable prompt corrective action and measures to resolve them effectively. The Group Managing Director and/or Chairman of ARMC is committed to address all cases of reported misconduct and recommend action to be taken by the Board (if any). The policy underscores the Group's commitment to develop a culture of openness and honesty, where a person who is aware of a potential malpractice or misconduct is encouraged to report such matters in good faith, without fear of reprisal. The Whistle Blowing Policy which last reviewed on 18 April 2023 and is accessible on the Company's website at www.trimodemalaysia.com.my.

As of the date of this Annual Report, there was no complaint received.

3.3 Governing Sustainability

The Board of the Company has taken steps to integrated sustainability issues as core of its strategic formulation. The Board is supported by the general managers, which enables the Board to assess and ensure that sustainability governance is structured and functioning through the various level of management.

The Board noted that the Company has adopted materiality assessment process, which is guided by Bursa Malaysia's Sustainability Reporting Guide and Toolkits and ensure that the stakeholder communication methods are regularly assessed, through information requests to ensure that the communication are transparent and effective.

The Group Risk Management Framework set out the approach to the identification, assessment, management, monitoring, and reporting of risks. The Board will then regularly review performance against the risk tolerance limits. The Board is brief by the ARMC on the risk highlighted and ensure that the Management has put in place actions to mitigate risks and controls to maintain the risk exposures within the acceptable levels as approved by Board.

BOARD COMPOSITION

4.1 Composition of the Board

The Board consists of an Independent Non-Executive Chairman, one (1) Managing Director, one (1) Executive Director and two (2) Independent Non-Executive Directors.

In assisting the Board to fulfil its functions, various Board Committees have been set up. The Board through the NC also consider woman candidates as part of its recruitment exercise. Out of five (5) Directors, one (1) Director is female.

The MCCG recommends the practice of at least half of the Board members comprises independent directors. Currently, three (3) out of five (5) of the Board members are Independent Directors. This composition is in line with the requirement of the Rule 15.02 of the AMLR whereby the Company must have at least two (2) or one-third (1/3) of the Board, whichever is higher, must be Independent Directors and one (1) of the director is woman director.

4.2 Tenure of Independent Directors

The Board is aware that the tenure of an Independent Director should not exceed a cumulative term of nine (9) years. Upon the completion of the nine (9) year term, an Independent Director may continue to serve on the Board as an Independent Director subject to shareholder's approval.

Currently, there is no Independent Director of the Company whose tenure has exceeded a cumulative term of nine (9) years.

4.3 Diverse Board and Senior Management Team

Appointment of board and senior management are based on objective criteria, merit and with due regard for diversity in skills, experience, age, cultural background and gender. The Group adheres strictly to the practice of non-discrimination of any form, whether based on race, age, religion and gender throughout the organisation.

The decision on new appointment of Directors' and Senior Management rest with the Board after considering the recommendation of the NC. In evaluating the suitability of candidates to the Board, the NC will consider certain criteria such as skills, knowledge, expertise, experience, integrity, commitment, background, boardroom diversity and the ability of the candidate to discharge his/her duties as expected. For appointment of Independent Directors, considerations will also be given on whether the candidates meet the requirements for independence as defined in AMLR and time commitment expected from them to attend to matters of the Company in general, including attending meetings of the Board, Board Committees and Annual General Meeting ("AGM") or Extraordinary General Meeting ("EGM").

4.4 Nomination Committee

The NC plays a vital role in achieving Board diversity recommendations of suitable candidates to the Board. The process of appointing new Directors is articulated in the terms of reference of the NC which is accessible on the Company's website at www.trimode-malaysia.com.my.

The present NC consists of three (3) Independent Non-Executive Directors of the Company, as follows:-

- (i) Mr Wai Wah Kwan @ Wai Ah Har, Independent Non-Executive Director (Chairman)

- (b) Conducted annual assessment of the Independent Directors and made its recommendation to the Board.
- (c) Reviewed and recommended the re-election of the retiring Directors for Board's approval.
- (d) Reviewed composition of Board and its Board Committees.
- (e) Reviewed the Terms of Reference of NC and recommended to the Board for approval

The breakdown of the Board by gender of FY2023 as follows: -

Gender	Number	Percentage %
Male	4	80%
Female	1	20%
Total	5	100%

During the year, no new Director was appointed to the Board.

OVERALL BOARD EFFECTIVENESS

5.1 Annual Evaluation and Directors' Fit and Proper Policy

Following the amendments to the AMLR of Bursa Securities, the Board adopted a Directors' Fit and Proper Policy to ensure that Directors possess the character, integrity, relevant range of skills, knowledge, experience, competence and time commitment to carry out their roles and responsibilities effectively in the best interest of the Company and its stakeholders. The Directors' Fit and Proper Policy is available on the Company's website at www.trimode-malaysia.com.my.

The NC has also established a set of quantitative and qualitative performance criteria to evaluate the performance of each member of the Board, each Board Committee and to review the performance of the Board as a whole. The effectiveness of the Board is assessed in the areas of the Board's roles and responsibilities and composition, attendance record, intensity of participation at meetings, quality of interventions and special contributions. Besides, the effectiveness of the Board Committees is assessed in terms of structure and processes, accountability and responsibility as well as the effectiveness of the Chairman of the respective Board Committees.

The annual assessment of individual Directors, Board as a whole and Board Committees which commences with the completion of a set of self-assessment from detailing all assessment criteria to be completed by all Directors for evaluation by NC. Criteria for the self-assessment includes self-ratings on the Director's knowledge, support of the goals of the Company, time commitment, and active participation on Board.

In the interval between Board meetings, for any matters requiring Board's decisions, the Board's approvals are obtained through circular resolutions. The resolutions passed by way of such circular resolutions are then noted at the Board meeting on quarterly basis.

5.2 Board Meetings

The Board meets at least four (4) times a year and has a formal schedule of matters reserved for it. Additional meetings are held as and when necessary. During the FY 2023, five (5) meetings were held in which the Board deliberated upon and considered various issues including the Group's financial results, performance of the Group's business, major investment, business plan and policies and strategies issues affecting the Group's business.

The following is the record of attendance of the Board Members:

(e)	Mr Wai Wah Kwan @ Wai Ah Har	5/5

Based on the above, all Directors have complied with the minimum 50% attendance requirement in respect of Board meetings as stipulated in AMLR. All the Directors have fulfilled the time commitment expected by the Board based on the attendance of the Directors at the Board meetings. The attendance of all the Directors at the Board meetings showed that the Board is committed to the Company towards fulfilling their roles and responsibilities as Directors of the Company.

5.3 Re-election of Directors

The procedure on the re-election of directors by rotation is set out in the Company's Constitution. An election of Directors shall take place each year at the AGM of the Company, where one-third (1/3) of the Directors for the time being, or, if their number is not three (3) or a multiple of three (3), then the number nearest to one-third shall retire from office and be eligible for re-election. All Directors shall retire from office once at least in each three (3) years but shall be eligible for re-election The Directors to retire shall be the Directors who have been serving in office for the longest duration since their appointment or last re-election.

Upon the recommendation of the NC and the Board, the following Directors who are standing for reelection at the forthcoming AGM of the Company are as stated in the Notice of AGM together with the justification to support the re-appointment of the Directors at the Explanatory Notes to Notice of AGM:-

- 1. Dato Markiman Bin Kobiran
- 2. Dato Hew Han Seng

5.4 Directors' Training

The Board empowered the Directors of the Company to determine their own training requirements as they consider necessary to enhance their knowledge as well as understanding of the Group's business and operations.

In their effort to keep abreast with the changes in the industry, legislation and regulations affecting the Company, the Board members have attended the relevant seminars/conference/training programmes during the financial year as detailed below:

6.3 Remuneration Committee

RC is responsible to review the remuneration packages for Directors upon considering individual performance, seniority, experience, scope of responsibility of the Directors, and the market rate that is sufficient to attract and retain the Directors to ensure smooth operation of the Company. To ensure checks and balances in reviewing the remuneration packages of both executive and non-executive Directors, RC is made up of all existing five (5) Directors, and chaired by Dato' Markiman Bin Kobiran, the Independent Non-Executive Chairman.

The determination of remuneration packages of Directors should be a matter for the Board as a whole. The individuals concerned would abstain from discussing his/her own remuneration.

During the FY 2023, the following activities were undertaken by RC in discharging its duties:-

- (a) Reviewed and recommended Directors' fees payable to Non-Executive Directors for Board's approval.
- (b) Reviewed and recommended Directors' benefits payable to the Directors for Board's approval.
- (c) Reviewed the Terms of Reference of RC and recommended to the Board for approval

PRINCIPLE B - EFFECTIVE AUDIT AND RISK MANAGEMENT

AUDIT AND RISK MANAGEMENT COMMITTEE

7.1 Audit and Risk Management Committee

Our ARMC comprises of Independent Non-Executive Directors. The Chairman of the ARMC is not the Chairman of the Board. The ARMC is fully informed about significant matters related to the Company's audit and its financial statements. The ARMC also reviewed the internal audit programme and invited the internal auditors to the meeting for discussion on the internal audit findings. Besides, such discussion also served as an avenue for the ARMC to appropriately communicate its insights, views and concerns about relevant transactions and events to the internal and external auditors.

The Board took note on the Practice 9.2 of the MCCG to have a policy that requires a former audit partner to observe a cooling-off period of at least three (3) years before being appointed as a member of the ARMC and has incorporated this under the Terms of Reference of ARMC.

ARMC has policies and procedures to review, assess and monitor the performances, suitability and independence of the external auditors.

Further details on the work performed by ARMC in furtherance of its oversight role are set out in the ARMC Report of this Annual Report.

RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK

8.1 Establishment of Risk Management and Internal Control Framework & Internal Audit Function

During FY 2023, the Board and ARMC were assisted by the Group Managing Director and Executive Director to maintain its risk management system, which is reviewed and updated constantly to safeguard shareholders' investments and the Group's assets. The Group's internal audit function has been outsourced to an external consultant which reports directly to ARMC. The internal audit function currently reviews and appraises the risk management and internal control processes of the Group. The Statement on Risk Management and Internal Control set out in this Annual Report which provides an overview of the Group's approach to ensure the effectiveness of the risk management and internal processes within the Group.

8.2 ANTI-BRIBERY AND ANTI-CORRUPTION POLICY

The Company had initiated Anti-Bribery and Anti-Corruption Policy within the Group which sets out the Group's commitments and requirements regarding ethical business practices and personal conduct.

It also sets out the behaviour the Group expects of its employees as well as what the Group's employees and business partners can expect from the Group. The Group shall conduct its business with integrity, respecting the laws, cultures, dignity and rights of individuals in all of the countries where it operates. All the Group's employees and persons associated with the Group are expected to act in accordance with corporate values and ethics as set out in the Policy. Briefings to the Board and employees have been conducted to emphasise the importance of the Policy and the dire consequences of any breach in relation to it.

A Whistle-Blowing channel on the Company's website at www.trimode-malaysia.com.my for any person to raise genuine concerns of wrongdoing or improper conduct involving the Group and its Directors, managers or employees in accordance with the Company's Whistle Blowing Policy.

PRINCIPLE C - INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

COMMUNICATION WITH STAKEHOLDERS

There is continuous communication between the Company and stakeholders to facilitate mutual understanding of each other's objectives and expectations. Stakeholders are able to make informed decisions with respect to the business of the Company, its policies on governance, the environment and social responsibility.

9.1 Effective, Transparent and Regular Communication

The Company maintains various methods of dissemination of information important to shareholders, stakeholders and the public at large through timely announcement of events, quarterly announcement of financial results and product information on the Company's website at www.trimode-malaysia.com.my.

CONDUCT OF GENERAL MEEETINGS

General meetings are the important and effective platforms for directors and senior management to communicate with the shareholders. Shareholders are able to participate, engage the Board and senior management effectively and make informed voting decisions at general meetings.

10.1 Notice of Annual General Meeting

The Board endeavours to dispatch its notice of AGM at least 28 days before the meeting and mindful that the sufficient notice and time given would allow the shareholders to make necessary arrangements to attend and participate either in person, by corporate representative, by proxy or by attorney. This would also enable the shareholders to properly consider the resolutions that will be discussed and decided at the meeting.

During FY2023, the, AGM was conducted virtually through live streaming from the broadcast venue via Remote Participation and Voting facilities which were in line with the Securities Commission Guidance Note on the Conduct of General Meetings for Listed Issuers to ensure companies can continue to fulfil their obligations under the law and to shareholders during the pandemic. Shareholders had participated the AGM by posing question or seeking clarification on matters relating to the Company's management and operations.

10.2 Attendance of the Chair of the Board Committees at the AGM

The Board took note that the presence of all directors will provide an opportunity for shareholders to effectively engage each director. Besides, having the chair of the Board committees present will facilitate these conversations and allows shareholders to raise questions and concerns directly to those responsible. Accordingly, barring unforeseen circumstances, all directors as well as the Chairman of respective Board Committees (i.e. ARMC, NC and RC) will be present at the forthcoming AGM of the Company to enable the shareholders to raise questions and concerns directly to those responsible.

10.3 Leverage on Information Technology for Effective Dissemination of Information

The Company's corporate website provides all relevant information on the Company and is accessible by the public. The Company's corporate website is accessible at www.trimode-malaysia.com.my.

COMPLIANCE STATEMENT

The Board recognises the promoting good corporate governance practices is an ongoing process and will continuously assess and implement relevant measure to improve on its corporate governance practices. The Board has deliberated, reviewed and approved this statement, and considers that this overview statement provides the information necessary to enable shareholders to evaluate how the MCCG has been applied. The Board considers and is satisfied that the Group has fulfilled its obligation under the MCCG, AMLR and all applicable laws and regulations throughout the FY 2023.

This Statement was approved by the Board on 22 April 2024.

ADDITIONAL COMPLIANCE INFORMATION

1. Audit and Non-Audit Fees

- UHY	5,000	5,000
- Affiliates of UHY	5,000	24,700
Total	52,000	122,500

2. Material Contracts involving Director's, Chief Executive's and Major Shareholders' Interests

There were no material contracts outside the ordinary course of business entered into by the Group involving Director's and major shareholder's interest, either were still subsisting at the end of the FY 2023 or entered since the end of the previous financial year.

3. Related Party Transactions

An internal compliance framework exists to ensure that the Company meets its obligations, including that of related party transactions under the AMLR. The Board reviews all related party transactions during the FY 2023, and the details are disclosed in the Financial Statements.

4. Statement of Directors' Responsibility in relation to the Financial Statements

The Directors are responsible for the preparation of the Annual Audited Financial Statements which give a true and fair view of the financial position of the Group and will ensure that they are presented in accordance with the provisions of the Companies Act 2016 ("Act") and the applicable approved accounting standards in Malaysia. In the preparation of the financial statements for the FY 2023, the Directors are satisfied that the Group had used appropriate accounting policies that were consistently applied and supported by reasonable and prudent judgment and estimates.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

The Board is pleased to present the Statement on Risk Management and Internal Control which outline the nature and scope of risk management and internal control system for the financial year ended 31 December 2023 ("FY2023"), pursuant to Rule 15.26(b) of the ACE Market Listing Requirements ("AMLR") of the Bursa Malaysia Securities Berhad ("Bursa Securities"), as guided by the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers, and upon considering the recommendations of Malaysian Code on Corporate Governance 2021.

BOARD RESPONSIBILITY

The Board acknowledges its responsibility and reaffirms its commitment in recognising the importance of an effective system of internal control and risk management practices to enhance good corporate governance.

The Board is ultimately responsible for the Group's system of internal control and risk management, which includes the establishment of an appropriate control environment and framework as well as reviewing its adequacy and integrity. However, it should be noted that such a system is designed to manage rather than eliminate the risk of failure to achieve business objectives and can only provide reasonable and not absolute assurance against material misstatement or loss. The system of internal control and risk management covers, inter alia, financial, organisational, operational and compliance controls.

The Board is of the view that the system of internal controls and risk management is an ongoing process, and has been in place for identifying, evaluating and managing significant risks faced or potentially to be encountered by the Group. The process is regularly reviewed by the Audit and Risk Management Committee ("ARMC") and the Board.

Management assists the Board in the implementation of the Board's policies and procedures on risk and control by identifying and assessing the risks faced, and in the design, operation and monitoring of suitable internal controls to mitigate and control these risks.

RISK MANAGEMENT FRAMEWORK

The risk management objectives of the Group include the following: -

- Ensure the continuity of business;
- Safeguard the assets of the Group;
- Safeguard the interest of all shareholders;
- Ensure the continuity of its quality service to customers at all times;
- Preserve the safety and health of its employees; and
- Promote an effective risk awareness culture where risk management is an integral aspect of the Group's management systems.

The Group adopts the Enterprise Risk Management ("**ERM**") Framework which proactively identifies, evaluates and manages key risks of the Group. The ERM Framework and its methodology are practised by the senior management to assess, identify, measure and monitor of potential key risks. The key risks identified by senior management will be set out in ERM report and will be presented to ARMC for review. The ERM plan is a continuous on-going process to check and review the key risks for ensuring the controls are adequate, effective and where necessary developing further actions for continuous improvement.

The Group as a whole has established several risk managements processes where the various Head of Departments are responsible for the day-to-day management of risks inherent in their business activities, while the Executive Directors are responsible for setting the risk management framework as well as developing tools and methodologies.

Furthermore, the Board has established an organisation structure with clearly defined lines of responsibility and accountability which are aligned to its business and operations requirements. It has extended the responsibilities of the ARMC to include the assessment of internal controls through the Internal Audit function which provides an independent assurance on the effectiveness of the risk management approach.

Statement on Risk Management and Internal Control (cont'd)

RISK ASSESSMENT

The risk measurement serves as a benchmark for all divisions to develop risk tolerances and limits in accordance to their specific business or operational requirements and objectives. It stipulates the level of tolerance and limits established to govern and manage the Group's risk-taking activities as per ERM methodology.

The Group has an embedded process for the identification, evaluation, reporting, treatment, monitoring and reviewing of the major strategic, business and operation risks within the Group. Both the ARMC and the Board review the effectiveness of the risk management function and deliberate on the risk management and internal control frameworks, functions, processes and reports on a regular basis.

For the financial year under review, the ARMC is assisted by the operation staff from various divisions to effectively embed risk management and control into the corporate culture, processes and structures within the Group. The framework is continually monitored to ensure it is responsive to the changes in the business environment and clearly communicated to all levels.

INTERNAL CONTROL

The ARMC responsibility to review and assesses the adequacy and integrity of the internal control system through independent reviews reports conducted from outsourced Internal Auditors and the management. Any areas of improvement identified by the internal auditors are being brought to the attention of the ARMC.

The key processes that the Directors have established in reviewing the adequacy and integrity of the system of internal control are as follows:

- Group organisation structure with clearly defined roles and responsibilities on daily operation.
- Guidelines on operating procedures have been put in place for relevant departments.
- Monthly meetings are held at operational and management levels to identify and resolve business, operational and management issues.
- Monthly monitoring of results by the management through financial reports.
- Quarterly report is provided by the management to the Board on financial performance and key business indicators.
- Scheduled internal audit visits and other specific assignments, if the need arises, assigned by the ARMC to monitor compliance with procedures and assesses the integrity of financial information provided.
- The ARMC holds quarterly meetings with the management and receive reports prepared by the internal auditors, external auditors (identified during the course of their audits) at least twice a year respectively and/or the management for review and follow up actions taken on internal control issues.

Statement on Risk Management and Internal Control(cont'd)

INTERNAL AUDIT FUNCTION

The Group has outsourced the Internal Audit Function to an independent professional firm, NeedsBridge Advisory Sdn Bhd, which reports to the ARMC and assists the Board in the monitoring and managing of risks and internal controls.

The Internal Auditors provide an independent, objective assurance and advisory services that add value and improve the operations by:

- Ensuring the existence of processes to monitor the effectiveness and efficiency of operations and the achievement of business objectives;
- Ensuring the adequacy and effectiveness of internal control systems for safeguarding of assets and providing consistent, accurate financial and operational data;
- Promoting risk awareness and the value and nature of an effective internal control system;
- Ensuring compliance with laws, regulations, corporate policies and procedures; and
- Assisting management in accomplishing its objectives by adopting a systematic and disciplined audit
 approach to evaluating and improving the effectiveness of risk management, control and governance
 processes within the Group's operations.

The Internal Audit Function focused on high priority activities determined by risk assessment and in accordance with the audit planning memorandum approved by the ARMC.

The Internal Audit Function is free from any relationships or conflicts of interest, which could impair their objectivity and independence.

During the financial year under review, the internal auditors have conducted internal control reviews according to the Internal Audit Plan approved by the ARMC. The internal audit review carried out during the financial year were as follows:

- Determining the adequacy of internal controls put in place in relation to sea freight management Import (FCL & LCL) of Tri-Mode.
- Determining the adequacy of internal controls put in place in relation to general warehousing management of Tri-Mode.

Upon the completion of the internal audit field work during the financial year, the internal audit reports were presented to the ARMC during its scheduled meetings. During the presentation, the internal audit findings and recommendations as well as management response and action plans were presented and deliberated by the ARMC. Update on the status of action plans as identified in the previous internal audit report were presented at subsequent Audit Committee meeting for review and deliberation.

EFFECTIVENESS OF RISK MANAGEMENT AND INTERNAL CONTROL SYSTEM

The Board's review of risk management and internal control effectiveness is based on information from:

- Executive Directors and senior managements who are responsible for the operations and continuous improvements of the risk management and internal control system; and
- Internal audit reports and review work by the Internal Auditors which reports to the ARMC together with the assessment of the internal controls systems relating to key risks and recommendations for improvement.

The review and assurance of the system of internal control is continuously reviewed by the ARMC, identified weaknesses and incidents of non-compliance are highlighted to the management for further improvement actions.

Management will continue to take measures to strengthen the control environment. In our efforts to improve our system of internal control by outsourcing its internal audit function to a professional services firm to provide the ARMC and the Board with the assurance they require pertaining to the adequacy and effectiveness of internal control systems.

Statement on Risk Management and Internal Control (cont'd)

ASSURANCE STATEMENT BY KEY MANAGEMENT TEAM

The Group Managing Director, Chief Financial Officer have provided assurance to the Board, to the best of their knowledge and belief, that the Group's risk management and internal control system were operating adequately and effectively in all material aspects, to meet the Group's objectives during the financial year under review and up to the date of this Statement on Risk Management and Internal Control.

REVIEW OF THE STATEMENT OF RISK MANAGEMENT AND INTERNAL CONTROL BY EXTERNAL AUDITORS

As required by Rule 15.23 of the AMLR of Bursa Securities, the external auditors have reviewed this Statement on Risk Management and Internal Control for the inclusion in this Annual Report for FY 2023. Their limited assurance review was performed in accordance with the Audit and Assurance Practice Guide ("AAPG") 3: Guidance for Auditors on Engagements to Report on the Statement on Risk Management and Internal Control Included in the Annual Report issued by the Malaysian Institute of Accountants.

AAPG 3 does not require the external auditors to consider whether this Statement on Risk Management and Internal Control covers all risks and controls, or to form an opinion on the adequacy and effectiveness of the Group's risk management and internal control system.

Based on their procedures performed, the external auditors have reported to the Board that nothing has come to their attention that caused them to believe that this Statement on Risk Management and Internal Control is not prepared in all material aspects, in accordance with the disclosures required by paragraphs 41 and 42 of the Statement in Risk Management and Internal Control: Guidelines for Directors of Listed Issuer, nor is factually inaccurate.

CONCLUSION

For the financial year under review and up to the date of this Statement on Risk Management and Internal Control, there were no significant internal control deficiencies or material weaknesses resulting in material losses or contingencies requiring disclosure in the annual report. The Board is of the view that the existing system of the risk management and internal control is adequate. Nevertheless, the Board recognises that the system of risk management and internal control must continuously improve in line with the Group's business environment. Therefore, the Board would put in place adequate plans, where necessary, to continuously improve the Group's system of risk management and internal control.

This Statement on Risk Management and Internal Control was approved by the Board on 22 April 2024.

DIRECTORS' RESPONSIBILITY STATEMENT ON FINANCIAL STATEMENTS

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF TRI-MODE SYSTEM (M) BERHAD [REGISTRATION NO.: 199101018953 (229265-X)] (INCORPORATED IN MALAYSIA)

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Tri-Mode System (M) Berhad, which comprise the statements of financial position as at 31 December 2023 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including a summary of material accounting policies, as set out on pages 56 to 130.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2023, and of their financial performance and their cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and IESBA Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current financial year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matters

How we addressed the key audit matters

Impairment of trade receivables

The Group's and the Company's trade receivables amounting to RM11,525,575 and RM7,358,648 respectively, representing approximately 36% and 29% of the Group's and of the Company's total current assets as at 31 December 2023.

The assessment of recoverability of receivables involved judgements and estimation uncertainty in analysing historical bad debts, customer concentration, customer creditworthiness and customer payment terms.

We obtained and evaluated the Group's credit risk policy, and tested the processes used by management to assess credit exposures.

We assessed the recoverability of trade receivables by checking past payment trend and assessing the receipts during the financial year and subsequent to year end collections.

We have reviewed the appropriateness of the disclosures made in the financial statements.

Information Other than the Financial Statements and Auditors' Report Thereon

The Directors of the Company are responsible for the other information. The other information comprises information included in the annual report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The Directors of the Company are responsible for the preparation of the financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the Directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.

Auditors' Responsibilities for the Audit of the Financial Statements (Cont'd)

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also: (Cont'd)

- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosure in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current financial year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

NOTES TO THE FINANCIAL STATEMENTS 31 DECEMBER 2023

1. **Corporate Information**

The Company is a public limited liability company, incorporated and domiciled in Malaysia.

The principal activities of the Company are investment holding and provision of logistics services. The principal activities of its subsidiary companies are disclosed in Note 7. There have been no significant changes in the nature of these activities of the Company and its subsidiary companies during the financial year.

The principal place of business of the Company is located at Wisma Tri-Mode, No. 1 (Lot 48), Jalan Sungai Chandong 24/KS11, Taman Perindustrian Pulau Indah (Fasa 3), 42920 Pulau Indah, Selangor Darul Ehsan.

The registered office of the Company is located at B-21-1, Level 21, Tower B, Northpoint Mid Valley City, No. 1, Medan Syed Putra Utara, 59200, Kuala Lumpur, Wilayah Persekutuan, Malaysia.

2. **Basis of Preparation**

(a) Statement of compliance

The financial statements of the Group and of the Company have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRS"), International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

The financial statements of the Group and of the Company have been prepared under the historical cost convention, unless otherwise indicated in the material accounting policies below.

Adoption of new and amended standards

During the financial year, the Group and the Company have adopted the following new standards and amendments to standards issued by the Malaysian Accounting Standards Board ("MASB") that are mandatory for current financial year:

MFRS 17 Insurance Contracts Amendments to MFRS 17 Insurance Contracts

Amendments to MFRS 17 Initial application of MFRS 17 and

> MFRS 9 - Comparative Information Disclosure of Accounting Policies

Amendments to MFRS 101 Amendments to MFRS 108 **Definition of Accounting Estimates**

Deferred Tax related to Assets and Liabilities arising from a Amendments to MFRS 112

Single Transaction

Amendments to MFRS 112 International Tax Reform - Pillar Two Model Rules

The adoption of the new standards and amendments to standards did not have any significant impact on the financial statements of the Group and of the Company except as disclosed below:

Amendments to MFRS 101 Disclosure of Accounting Policies

The Group and the Company adopted Amendments to MFRS 101 Disclosure of Accounting Policies from 1 January 2023. The amendments require the disclosure of material accounting policy information rather than significant accounting policies. The amendments also provide guidance on the application of materiality to disclosure of accounting policies, assisting entities to provide useful, entity-specific accounting policy information that users need to understand other information in the financial statements.

Accordingly, the Group and the Company disclosed their material accounting policies information in these financial statements. However, the amendments did not result in any material changes to the accounting policies of the Group and of the Company.

2. Basis of Preparation (Cont'd)

(a) Statement of compliance (Cont'd)

Adoption of new and amended standards (Cont'd)

Amendments to MFRS 112 Deferred Tax related to Assets and Liabilities arising from a Single Transaction

The Group and the Company have adopted Amendments to MFRS 112 Deferred Tax related to Assets and Liabilities arising from a Single Transaction from 1 January 2023. The amendments narrow the scope of the initial recognition exemption to exclude transactions that give rise to equal and offsetting temporary differences – e.g. leases and decommissioning liabilities. For leases and decommissioning liabilities, an entity is required to recognise the associated deferred tax assets and liabilities from the beginning of the earliest comparative period presented, with any cumulative effect recognised as an adjustment to retained earnings or other components of equity at that date.

The Group and the Company previously accounted for deferred tax on leases applying the "integrally linked" approach, resulting in a similar outcome to the amendments, except that the deferred tax asset or liability was recognised on a net basis. Following the amendments, the Group and the Company have recognised a separate deferred tax asset in relation to its lease liabilities and a deferred tax liability in relation to its right-of-use assets instead to recognise deferred tax asset or liability on leases on a net basis which previously permitted under paragraph 74 of MFRS 112 Income Taxes.

Standards issued but not yet effective

The Group and the Company have not applied the following amendments to standards that have been issued by the MASB but are not yet effective for the Group and for the Company:

		Effective dates for financial periods beginning on or after
Amendments to MFRS 116	Lease Liability in a Sale and Lease Back	1 January 2024
Amendments to MFRS 101	Classification of Liabilities as Current or Non-current	1 January 2024
Amendments to MFRS 101	Non-current Liabilities with Covenants	1 January 2024
Amendments to MFRS 107 and MFRS 7	Supplier Finance Arrangements	1 January 2024
Amendments to MFRS 121	Lack of Exchangeability	1 January 2025
Amendments to MFRS 10 and MFRS 128	Sale on Contribution of Assets between an Investor and its Associate or Joint Venture	Deferred until further notice

The Group and the Company intend to adopt the above amendments to standards, if applicable, when they become effective.

These amendments to published standards will be adopted on the respective effective dates. The Group and the Company have started a preliminary assessment on the effects of the above amendments to published standards and the impact is still being assessed.

(b) Functional and presentation currency

The financial statements are presented in Ringgit Malaysia ("RM"), which is the Company's functional currency. All financial information is presented in RM and has been rounded to the nearest RM except when otherwise stated.

2. Basis of Preparation (Cont'd)

(c) Significant accounting judgements, estimates and assumptions

The preparation of the Group's and of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amounts of the assets or liabilities affected in the future.

Judgements

The following are the judgements made by management in the process of applying the Group's accounting policies that have the most significant effect on the amounts recognised in the financial statements:

Determining the lease term of contracts with renewal options - the Group as lessee

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised.

The Group has several lease contracts that include extension options. The Group applies judgement in evaluating whether to exercise the option to renew the lease. It considers all relevant factors that create an economic incentive for it to exercise the renewal option. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew.

The Group includes the renewal period as part of the lease term for such leases. The Group typically exercises its option to renew for those leases with renewal option.

Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation or uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period are set out below:

Depreciation and useful lives of property, plant and equipment, right-of-use ("ROU") assets and investment property

The Group reviews the residual values, useful lives and depreciation methods at the end of each reporting period. Judgements are applied in the selection of the depreciation method, the useful lives and the residual values. The actual consumption of the economic benefits of the property, plant and equipment, ROU assets and investment properties may differ from the estimates applied and therefore, future depreciation charges could be revised. The carrying amounts of the Group's and of the Company's property, plant and equipment, ROU assets and investment properties are disclosed in Notes 4, 5 and 6 respectively.

<u>Inventories valuation</u>

Inventories are measured at the lower of cost and net realisable value. The Group estimates the net realisable value of inventories based on an assessment of expected sales prices. Demand levels and pricing competition could change from time to time. If such factors result in an adverse effect on the Group's products, the Group might be required to reduce the value of its inventories. Details of inventories are disclosed in Note 10.

2. Basis of Preparation (Cont'd)

(c) Significant accounting judgements, estimates and assumptions (Cont'd)

Key sources of estimation uncertainty (Cont'd)

Provision for expected credit loss of financial assets at amortised cost

The Group uses a provision matrix to calculate expected credit loss for trade receivables. The provision rates are based on number of days past due.

The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust the historical credit loss experience. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and expected credit loss is a significant estimate. The Group's historical credit loss experience and forecast of economic conditions may not be representative of customer's actual default in the future. Information about the expected credit loss on the Group's and the Company's trade receivables is disclosed in Note 11.

Discount rate used in leases

Where the interest rate implicit in the lease cannot be readily determined, the Group uses the incremental borrowing rate to measure the lease liabilities. The incremental borrowing rate is the interest rate that the Group would have to pay to borrow over a similar term, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. Therefore, the incremental borrowing rate requires estimation, particularly when no observable rates are available or when they need to be adjusted to reflect the terms and conditions of the lease. The Group estimates the incremental borrowing rate using observable inputs when available and is required to make certain entity-specific estimates.

<u>Income taxes</u>

Judgement is involved in determining the provision for income taxes. There are certain transactions and computations for which the ultimate tax determination is uncertain during the ordinary course of business.

The Group recognises liabilities for tax based on estimates of whether additional taxes will be due. Where the final tax outcome of these tax matters is different from the amounts that were initially recognised, such differences will impact the income tax and/or deferred tax provisions in the period in which such determination is made. As at 31 December 2023, the Group has tax recoverable and tax payable of RM1,309,895 (2022: RM1,112,206) and RM121,238 (2022: RM104,251) respectively. As at 31 December 2023, the Company has tax recoverable of RM1,056,392 (2022: of RM889,166).

3. Material Accounting Policies

The Group and the Company apply the material accounting policies set out below, consistently throughout all periods presented in the financial statements unless otherwise stated.

(a) Basis of consolidation

(i) Subsidiary companies

Subsidiaries are entities controlled by the Company. The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Potential voting rights are considered when assessing control only when such rights are substantive. The Group also considers it has de facto power over an investee when, despite not having the majority of voting rights, it has the current ability to direct the activities of the investee that significantly affect the investee's return.

In the Company's separate financial statements, investment in subsidiaries are stated at cost less any accumulated impairment losses. On disposal of such investment, the difference between net disposal proceeds and their carrying amounts are recognised in profit or loss.

Business combination - Merger method

A business combination in which all the combining entity or business are ultimately controlled by same party or parties both before or after the business combination, and that control is not transitory. The acquisition of KJ Technical Services resulted in a business involving common control entity since the management of all the entity which took part in the acquisition were controlled by common Directors and under common shareholders before and immediately after the acquisition, and accordingly the accounting treatment is outside the scope of MFRS 3. For such common control business combinations, the merger accounting principles are used to include the assets, liabilities, results, equity changes and cash flows of the combining entity in the consolidated financial statements. The merger method of accounting on a retrospective basis and restated its comparative as if the consolidated had taken place before the state of the earliest year presented in the combined financial statements.

Under the merger method of accounting, the results of subsidiary are presented as if the merger had been affected throughout the current period. The assets and liabilities combined are accounted for based on the carrying amounts from the perspective of the common control shareholders at the date of transfer. On consolidation, the cost of the merger is cancelled with the values of the shares received. Any resulting credit difference is classified as equity and regarded as a non-distributable reserve. Any resulting debit difference is adjusted against any suitable reserve. Any reserves which are attributable to share capital of the merged entity, to the extent that they have not been capitalised by a debit difference, are reclassified and presented as movement in other reserves.

Business combination - Acquisition method

The Group applies the acquisition method to account for business combinations from the acquisition date, which is the date on which the control is transferred to the Group. Under the acquisition method, the identifiable assets acquired and liabilities assumed are measured at their fair values at the acquisition date. The cost of an acquisition is measured as the aggregate of the fair value of the consideration transferred. Non-controlling interests are stated either at fair value or at the proportionate share of the acquiree's identifiable net assets at the acquisition date.

In a business combination achieved in stages, previously held equity interests in the acquiree are remeasured to fair value at the acquisition date and any corresponding gain or loss is recognised in profit or loss.

The Group measures goodwill as the excess of the cost of an acquisition, as defined above, and the fair values of any previously held interest in the acquiree, over the fair value of the identifiable assets acquired and liabilities assumed at the acquisition date. When the excess is negative, a bargain purchase gain is recognised immediately in profit or loss.

3. Material Accounting Policies (Cont'd)

- (a) Basis of consolidation (Cont'd)
 - (i) Subsidiary companies (Cont'd)

Business combination - Acquisition method (Cont'd)

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control and continue to be consolidated until the date that such control ceases. In preparing the consolidated financial statements, all intra-group balances, income and expenses and unrealised gains or losses resulting from intra-group transactions are eliminated in full. Uniform accounting policies are applied to like transactions and events in similar circumstances.

(ii) Changes in ownership interests in subsidiary companies without change in control

The Group treats all changes in its ownership interest in a subsidiary that do not result in a loss of control as equity transactions between the Group and its non-controlling interest holders. Any difference between the Group's proportionate share of net assets before and after the change, and any fair value of consideration received or paid, is recognised directly in equity as transactions with shareholders.

(iii) Loss of Control

Upon the loss of control of a subsidiary, the Group derecognises the assets and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognised in profit or loss. If the Group retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost. Subsequently, it is accounted for as an equity accounted investee or at fair value through other comprehensive income depending on the level of influence retained.

(b) Investment in associates

Associates are entities, in which the Group has significant influence, but not control, over the financial and operating policies.

Investments in associates are accounted for in the consolidated and the Company's financial statements using the equity method less any impairment losses, unless it is classified as held for sale or distribution. The cost of the investment includes transaction costs. The consolidated financial statements include the Group's share of the profit or loss and other comprehensive income of the associates, after adjustments if any, to align the accounting policies with those of the Group, from the date that significant influence commences until the date that significant influence ceases.

- (c) Foreign currency translation
 - (i) Foreign currency transactions and balances

Transactions in foreign currency are recorded in the functional currency of the respective Group entities using the exchange rates prevailing at the dates of the transactions. At each reporting date, monetary items denominated in foreign currencies are retranslated at the rates prevailing on that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

3. Material Accounting Policies (Cont'd)

- (c) Foreign currency translation (Cont'd)
 - (i) Foreign currency transactions and balances (Cont'd)

Exchange differences arising on the settlement of monetary items or on translating monetary items at the reporting date are included in profit or loss except for exchange differences arising on monetary items that form part of the Group's net investment in foreign operation. These are initially taken directly to the foreign currency translation reserve within equity until the disposal of the foreign operations, at which time they are recognised in profit or loss. Exchange differences arising on monetary items that form part of the Company's net investment in foreign operation are recognised in profit or loss in the Company's financial statements or the individual financial statements of the foreign operation, as appropriate.

Exchange differences arising on the translation of non-monetary items carried at fair value are included in profit or loss for the reporting period except for the differences arising on the translation of non-monetary items in respect of which gains and losses are recognised in other comprehensive income. Exchange differences arising from such non-monetary items are also recognised in other comprehensive income.

(ii) Foreign operations

The assets and liabilities of foreign operations denominated in functional currencies other than RM are translated to RM at the rate of exchange prevailing at the reporting date. The income and expenses of foreign operations, excluding foreign operations in hyperinflationary economies, are translated to RM at exchange rates at the dates of the transactions.

Foreign currency differences are recognised in other comprehensive income and accumulated in the foreign currency translation reserve ("FCTR") in equity. When a foreign operation is disposed off such that control or significant influence is lost, the cumulative amount in the FCTR related that foreign operations reclassified to profit or loss as part of the gain or loss on disposal.

When the Group disposes of only part of its investment in an associate that includes a foreign operation while retaining significant influence, the relevant proportion of the cumulative amount is reclassified to profit or loss.

(d) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses. The policy of recognition and measurement of impairment losses is in accordance with Note 3(I)(i) on impairment on non-financial assets.

(i) Recognition and measurement

All items of property, plant and equipment are initially recorded at cost. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced component is derecognised. All other repair and maintenance are recognised in profit or loss during the financial year in which they are incurred.

Subsequent to initial recognition, property, plant and equipment are stated at cost less any accumulated depreciation and accumulated impairment losses.

Property, plant and equipment are derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising on the disposal of property, plant and equipment are determined as the difference between the disposal proceeds and the carrying amount of the assets and are recognised in profit or loss.

3. Material Accounting Policies (Cont'd)

- (d) Property, plant and equipment (Cont'd)
 - (ii) Depreciation

Depreciation is recognised in the profit or loss on straight-line basis to write off the cost of each asset to its residual value over its estimated useful life. Freehold land is not depreciated. Capital work-in-progress are not depreciated until the assets are ready for its intended use.

Property, plant and equipment are depreciated based on the estimated useful lives of the assets as follows:

Freehold building	1.25%
Renovation	10%
Computers, office equipment, furniture and fittings	10% to 20%
Software	20%
Radio equipment	12.50%
Prime movers	6.67%
Trailers	7.70%
Motor vehicles, forklifts and side loaders	10% to 20%
Skid tank	10%
Warehouse equipment	20%

The residual values, useful lives and depreciation method are reviewed at the end of each reporting period to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the property, plant and equipment.

(e) Leases

As lessee

The Group and the Company recognise a ROU asset and a lease liability at the lease commencement date. The ROU asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or site on which it is located, less any lease incentives received.

The ROU asset is subsequently measured at cost less any accumulated depreciation, accumulated impairment loss and, if applicable, adjusted for any remeasurement of lease liabilities. The policy of recognition and measurement of impairment losses is in accordance with Note 3(I)(i) on impairment on non-financial assets.

The ROU asset under cost model is depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the ROU asset or the end of the lease term. The estimated useful lives of the ROU assets are determined on the same basis as those of property, plant and equipment as follows:

Leasehold land and buildings

Leasehold building

Diver the remaining lease period
Over the remaining lease period
Over the remaining lease period
Over the lease term
Over the lease term
Over the lease term
Over the lease term, if shorter
Over the lease term
Over the lease term
Over the lease term, if shorter
Over the lease term, if shorter

The ROU assets are subject to impairment.

3. Material Accounting Policies (Cont'd)

(e) Leases (Cont'd)

As lessee (Cont'd)

The lease liability is initially measured at the present value of future lease payments at the commencement date, discounted using the respective Group entities' incremental borrowing rates. Lease payments included in the measurement of the lease liability include fixed payments, any variable lease payments, amount expected to be payable under a residual value guarantee, and exercise price under an extension option that the Group and the Company are reasonably certain to exercise.

Variable lease payments that do not depend on an index or a rate and are dependent on a future activity are recognised as expenses in profit or loss in the period in which the event or condition that triggers the payment occurs.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in rate, or if the Group or the Company changes its assessment of whether it will exercise an extension or termination option.

Lease payments associated with short-term leases and leases of low value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less and do not contain a purchase option. Low value assets are those assets valued at less than RM20,000 each when purchased new.

As lessor

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. Leases in which the Group or the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases.

If the lease arrangement contains lease and non-lease components, the Group and the Company apply MFRS 15 Revenue from Contracts with Customers to allocate the consideration in the contract based on the stand-alone selling price.

The Group recognises lease payments under operating leases as income on a straight-line basis over the lease term unless another systematic basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished. The lease payment recognised is included as part of "Other income". Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

(f) Investment properties

Investment properties, including right-of-use assets held by lessee are properties held either to earn rental income or for capital appreciation or for both. Investment properties are measured at cost, including transaction costs, less any accumulated depreciation and impairment losses.

The carrying amount includes the cost of replacing part of an existing investment property at the time that cost is incurred if the recognition criteria are met and excludes the costs of day-to-day servicing of an investment property.

Investment properties are depreciated on a straight-line basis to write down the cost of each asset to their residual values over their estimated useful lives. The principal annual depreciation rate is over the remaining period of the lease. The residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each reporting date.

Where an indication of impairment exists, the carrying amount of the asset is assessed and written down immediately to its recoverable amount. Refer accounting policy Note 3(I)(i) on impairment of non-financial assets.

3. Material Accounting Policies (Cont'd)

(f) Investment properties (Cont'd)

Investment properties are derecognised upon disposal or when they are permanently withdrawn from use and no future economic benefits are expected from their disposal. Upon disposal, the difference between the net disposal proceeds and the carrying amount is recognised in the profit or loss.

Transfers are made to (or from) investment property only when there is a change in use. For a transfer from investment property to owner-occupied property, the deemed cost for subsequent accounting is the fair value at the date of change in use. If owner-occupied property becomes an investment property, the Group accounts for such property in accordance with the policy stated under property, plant and equipment up to the date of change in use.

(g) Financial assets

Recognition and initial measurement

Financial assets are recognised in the statements of financial position when, and only when, the Group and the Company become a party to the contractual provisions of the financial instrument.

At initial recognition, the Group and the Company measure a financial asset at its fair value plus, for an item not at fair value through profit or loss, transaction costs that are directly attributable to its acquisition or issuance of the financial instruments. Transaction costs of financial assets carried at fair value through profit or loss ("FVTPL") are expensed in profit or loss.

Financial asset categories and subsequent measurement

The Group and the Company determine the classification of financial assets at initial recognition and are not reclassified subsequent to their initial recognition unless the Group and the Company change its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

The Group and the Company classify their financial assets as follows:

(i) Financial assets at amortised cost

The Group and the Company measure financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains or losses and impairment are recognised in profit or loss. Any gain and loss on derecognition is recognised in profit or loss.

The Group's financial assets at amortised cost include trade and other receivables, fixed deposits with licensed banks and cash and bank balances. The Company's financial assets at amortised cost include trade and other receivables, amount due from subsidiary companies, fixed deposits with licensed banks and cash and bank balances.

3. Material Accounting Policies (Cont'd)

(g) Financial assets (Cont'd)

Financial asset categories and subsequent measurement (Cont'd)

The Group and the Company classify their financial assets as follows: (Cont'd)

(ii) Financial assets at fair value through other comprehensive income ("FVTOCI")

The Group and the Company have not designated any financial assets at FVTOCI.

(iii) Financial assets at fair value through profit or loss

All financial assets not classified as measured at amortised cost or FVTOCI, as described above are measured at FVTPL. This includes derivative financial assets (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument). On initial recognition, the Group and the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVTOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets categorised as FVTPL are subsequently measured at their fair value. Net gains or losses, including any interest or dividend income are recognised in the profit or loss.

The Group's and the Company's financial assets at FVTPL include other investment.

All financial assets, except for those measured at FVTPL and equity investments measured at FVTOCI, are subject to impairment assessment as disclosed in Note 3(I)(ii) on impairment on financial assets.

Regular way purchase or sale of financial assets

Regular way purchase or sale are purchase or sale of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace concerned. All regular way purchase or sale of financial assets are recognised or derecognised on the trade date i.e., the date that the Group and the Company commit to purchase or sell the asset.

Derecognition

A financial asset or part of it is derecognised when, and only when the contractual rights to receive cash flows from the financial asset expire or transferred, or control of the asset is not retained or substantially all of the risks and rewards of ownership of the financial asset are transferred to another party. On derecognition of a financial asset, the difference between the carrying amount of the financial assets and the sum of consideration received (including any new asset obtained less any new liability assumed) is recognised in profit or loss.

(h) Financial liabilities

Recognition and initial measurement

Financial liabilities are recognised in the statements of financial position when, and only when, the Group and the Company become a party to the contractual provisions of the financial instrument.

At initial recognition, the Group and the Company measure a financial liability at its fair value less, for an item not at fair value through profit or loss, transaction costs that are directly attributable to its acquisition or issuance of the financial instruments.

3. Material Accounting Policies (Cont'd)

(h) Financial liabilities (Cont'd)

Financial liability categories and subsequent measurement

The Group and the Company classify their financial liabilities as follows:

(i) Financial liabilities at amortised cost

Financial liabilities not categorised as fair value through profit or loss are subsequently measured at amortised cost using the effective interest method.

Interest expense and foreign exchange gains and losses are recognised in the profit or loss. Any gains or losses on derecognition are also recognised in the profit or loss.

The Group's financial liabilities designated at amortised cost comprise trade and other payables, amount due to associates, lease liabilities and bank borrowings. The Company's financial liabilities designated at amortised cost comprise trade and other payables, amount due to subsidiary companies and associates, lease liabilities and bank borrowings.

(ii) Financial liabilities at fair value through profit or loss

The Group and the Company have not designated any financial liabilities at FVTPL.

Derecognition

A financial liability or part of it is derecognised when, and only when, the obligation specified in the contract is discharged or cancelled or expired. On derecognition of a financial liability, the difference between the carrying amount of the financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

(i) Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs when the guaranteed debtor fails to make payment when due.

Financial guarantee contracts are recognised initially as financial liabilities at fair value, net of transaction costs. Subsequently, the liability is measured at the higher of:

- The amount of the loss allowances; and
- The amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance the principles of MFRS 15 Revenue from Contracts with Customers.

(i) Inventories

Inventories are stated at the lower of cost and net realisable value.

Cost of inventories comprise cost of purchase and other costs incurred in bringing it to their present location and condition are determined on first-in-first-out basis.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

3. Material Accounting Policies (Cont'd)

(k) Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, bank balances, demand deposits, bank overdrafts and short-term highly liquid investments that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value. For the purpose of statements of cash flows, cash and cash equivalents are presented net of bank overdrafts and pledged deposits.

(I) Impairment of assets

(i) Non-financial assets

The carrying amounts of non-financial assets (except for inventories, deferred tax assets and non-current assets classified as held for sale) are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated.

For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or cash-generating units.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs of disposal. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or cash-generating unit.

An impairment loss is recognised if the carrying amount of an asset or cash-generating unit exceeds its estimated recoverable amount. Impairment loss is recognised in profit or loss.

Impairment losses recognised in prior periods are assessed at the end of each reporting period for any indications that the loss has decreased or no longer exists. An impairment loss is reversed only if there has been a change in the estimates used to determine the recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation or amortisation, had no impairment loss been recognised for asset in prior years. Such reversal is recognised in the profit or loss.

(ii) Financial assets

The Group and the Company recognise an allowance for expected credit losses ("ECLs") for all debt instruments not held at FVTPL. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group and the Company expect to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months ("a 12-month ECL"). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default ("a lifetime ECL").

For trade receivables, other receivables and inter-company balances, the Group and the Company apply a simplified approach in calculating ECLs. Therefore, the Group and the Company do not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group and the Company have established a provision matrix that is based on its historical credit loss experience to the debtors and the economic environment.

3. Material Accounting Policies (Cont'd)

(m) Share capital

An equity instrument is any contract that evidences a residual interest in the assets of the Group and of the Company after deducting all of its liabilities. Ordinary shares are equity instruments. Ordinary shares are recorded at the proceeds received, net of directly attributable incremental transaction costs. Ordinary shares are classified as equity.

Dividend distribution to the Company's shareholders is recognised as a liability in the period they are approved by the Board of Directors except for the final dividend which is subject to approval by the Company's shareholders.

(n) Provisions

Provisions are recognised when there is a present legal or constructive obligation as a result of a past event, when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Any reimbursement that the Group can be virtually certain to collect from a third party with respect to the obligation is recognised as a separate asset. However, this asset may not exceed the amount of the related provision. The expense relating to any provision is presented in the statements of profit or loss and other comprehensive income net of any reimbursement.

(o) Employee benefits

(i) Short-term employee benefits

Wages, salaries, bonuses and social security contributions are recognised as an expense in the reporting period in which the associated services are rendered by employees of the Group. Short-term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increase their entitlement to future compensated absences. Short-term non-accumulating compensated absences such as sick and medical leave are recognised when the absences occur.

The expected cost of accumulating compensated absences is measured as additional amount expected to be paid as a result of the unused entitlement that has accumulated at the end of the reporting period.

(ii) Defined contribution plans

As required by law, companies in Malaysia contribute to the state pension scheme, the Employee Provident Fund ("EPF"). Such contributions are recognised as an expense in the profit or loss as incurred. Once the contributions have been paid, the Group has no further payment obligations.

(p) Borrowing costs

Borrowing costs are recognised in profit or loss in the period in which they are incurred. Borrowing costs consist of interest and other costs that the Group and the Company incurred in connection with the borrowing of funds.

3. Material Accounting Policies (Cont'd)

(a) Non-current assets classified as held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. Such non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

The criteria for held for sale classification is regarded as met only when the sale is highly probable and the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such assets and disposal group. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Right-of-use assets are not depreciated once classified as held for sale.

(r) Revenue and other income

(i) Revenue from contracts with customers

Revenue is recognised when the Group satisfied a performance obligation ("PO") by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A PO may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied PO.

Revenue from rendering of services are recognised in the reporting period in which the services are rendered, which simultaneously received and consumes the benefits provided by the Group, and the Group has a present right to payment for the services.

(ii) Interest income

Interest income is recognised on accruals basis using the effective interest method.

(iii) Rental income

Rental income is accounted for on a straight-line basis over the lease terms. The aggregate costs of incentives provided to lessees are recognised as a reduction of rental income over the lease term on a straight-line basis.

(iv) Dividend income

Dividend income is recognised when the Group's right to receive payment is established.

(s) Income taxes

Tax expense in profit or loss comprises current and deferred tax. Current tax and deferred tax is recognised in profit or loss except to the extent that it relates to a business combination or items recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the financial year, using tax rates enacted or substantively enacted by the end of the reporting period, and any adjustment to tax payable in respect of previous financial years.

Deferred tax is recognised using the liability method for all temporary differences between the carrying amounts of assets and liabilities in the statements of financial position and their tax bases. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the end of the reporting period.

3. Material Accounting Policies (Cont'd)

(s) Income taxes (Cont'd)

The measurement of deferred tax is based on the expected manner of realisation or settlement of the carrying amount of the assets and liabilities, at the end of the reporting period. Deferred tax assets and liabilities are not discounted.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at the end of each reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

(t) Segments reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-makers are responsible for allocating resources and assessing performance of the operating segments and make overall strategic decisions. The Group's operating segments are organised and managed separately according to the nature of the products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets.

(u) Fair value measurement

Fair value of an asset or a liability is determined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The measurement assumes that the transaction to sell the asset or transfer of the liability takes place either in the principal market or in the absence of a principal market, in the most advantageous market.

For non-financial asset, the fair value measurement takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. Fair value is categorised into different levels in a fair value hierarchy based on the input used in the valuation technique as follows:

Level 1 : quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date.

Level 2 : inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 : unobservable inputs for the asset or liability.

The Group recognises transfers between levels of the fair value hierarchy as of the date of the event or change in circumstances that caused the transfers.

32. Segment Information

For management purposes, the Group is organised into business units based on their products and services, and has six reportable segments as follows:

Sea freight	Organise shipments for customers and overseas freight forwarded and manage
	bookings for cargo space for sea shipments.

Container haulage Provide land transportation services.

Air freight Plan and manage booking of cargo space for customer's air shipments.

Freights forwarding Coordinate and manage services provided by licensed forwarding agents such

as document preparation, liaising with Government agencies for inspection and permit applications, custom clearance, coordinating with port operators, shipping liners, airlines and container haulage division for transportation of

cargoes.

Warehousing Operate three free zone warehouses, providing services such as general storage,

consolidation and deconsolidation, transshipment of cargoes and inventory

management services.

Marine insurance Provide marine insurance service on cargoes handled by the Group.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the consolidated financial statements.

Transactions between segments are carried out on agreed terms between both parties. The effects of such inter-segment transactions are eliminated on consolidation. The measurement basis and classification are consistent with those adopted in the previous financial year.

33. Financial Instruments

(a) Classification of financial instruments

Financial assets and financial liabilities are measured on an ongoing basis either at fair value or at amortised cost. The principal accounting policies in Note 3 describe how the classes of the financial instruments are measured and how income and expense, including fair value gains or losses, are recognised.

The following table analyses the financial assets and liabilities in the statements of financial position by the class of financial instruments to which they are assigned and therefore by the measurement basis:

(b) Financial risk management objectives and policies

The Group's financial risk management policy is to ensure that adequate financial resources are available for the development of the Group's operations whilst managing its credit, liquidity, foreign currency and interest rate risks. The Group operates within clearly defined guidelines that are approved by the Board and the Group's policy is not to engage in speculative transactions.

The following sections provide details regarding the Group's and the Company's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

(i) Credit risk

Credit risk is the risk of a financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Group's exposure to credit risk arises principally from its receivables from customers and deposits with banks. The Company's exposure to credit risk arises principally from its receivables from customers, deposits with banks, amount due from subsidiary companies and financial guarantees given to banks for credit facilities granted to the subsidiary companies. There are no significant changes as compared to prior year.

33. Financial Instruments (Cont'd)

- (b) Financial risk management objectives and policies (Cont'd)
 - (i) Credit risk (Cont'd)

The Group has adopted a policy of only dealing with creditworthy counterparties. Management has a credit policy in place to control credit risk by dealing with creditworthy counterparties and deposits with banks with good credit rating. The exposure to credit risk is monitored on an ongoing basis and action will be taken for long outstanding debts.

The Company provides unsecured advances to subsidiary companies. The Company monitors on an ongoing basis the results of the subsidiary companies and repayments made by the subsidiary companies.

At each reporting date, the Group and the Company assess whether any of the receivables are credit impaired.

The gross carrying amounts of credit impaired trade receivables are written off (either partial or full) when there is no realistic prospect of recovery. This is generally the case when the Group or the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. Nevertheless, trade receivables that are written off could still be subject to enforcement activities.

The carrying amounts of the financial assets recorded on the statements of financial position at the end of the reporting period represents the Group's and the Company's maximum exposure to credit risk.

The Group has no significant concentration of credit risk as its exposure spread over a large number of customers. The Company has no significant concentration of credit risk as its exposure spread over a large number of customers except for advances to its subsidiary companies where risks of default have been assessed to be low.

<u>Financial guarantees</u>

The Company provides financial guarantees to licensed banks for banking facilities and supply of services granted to certain subsidiary companies. The Company monitors on an ongoing basis the results of the subsidiary companies and repayments made by the subsidiary companies.

The Company's maximum exposure to credit risk amounted to RM138,611 (2022: RM24,479), representing the outstanding banking facilities and for supply of services to certain subsidiary companies at the end of the reporting period. There was no indication that any subsidiary companies would default on repayment as at the end of the reporting period.

(ii) Liquidity risk

Liquidity risk refers to the risk that the Group or the Company will encounter difficulty in meeting its financial obligations as they fall due. The Group's and the Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities.

The Group's and the Company's funding requirements and liquidity risk are managed with the objective of meeting business obligations on a timely basis. The Group and the Company finance its liquidity through internally generated cash flows and minimises liquidity risk by keeping committed credit lines available.

The following table analyses the remaining contractual maturity for non-derivative financial liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group and the Company can be required to pay.

(iii) Market risks

(a) Foreign currency risk

The Group is exposed to foreign currency risk on transactions that are denominated in foreign currencies other than the respective functional currencies of the Group's entities. The currencies giving rise to this risk are primarily United States Dollar (USD), Euro (EUR) and Australian Dollar (AUD).

The Group has not entered into any derivative instruments for hedging or trading purposes as the net exposure to foreign currency risk is not significant. Where possible, the Group will apply natural hedging by selling and purchasing in the same currency. However, the exposure to foreign currency risk is monitored from time to time by management.

(b) Interest rate risk

The Group's and the Company's fixed rate deposits placed with licensed banks and borrowings are exposed to a risk of change in their fair value due to changes in interest rates. The Group's and the Company's variable rate borrowings are exposed to a risk of change in cash flows due to changes in interest rates.

The Group manages the interest rate risk of its deposits with licensed banks by placing them at the most competitive interest rates obtainable, which yield better returns than cash at bank and maintaining a prudent mix of short and long-term deposits.

The Group manages its interest rate risk exposure from interest bearing borrowings by obtaining financing with the most favourable interest rates in the market. The Group constantly monitors its interest rate risk by reviewing its debts portfolio to ensure favourable rates are obtained. The Group does not utilise interest swap contracts or other derivative instruments for trading or speculative purposes.

Floating rate instrument		
Financial liability Bank borrowings	(57,059,520)	(39,316,251)

Fair value sensitivity analysis for fixed rate instruments

The Group and the Company do not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rates at the end of the reporting period would not affect profit or loss.

Cash flow sensitivity analysis for floating rate instruments

A change in 1% interest rate at the end of the reporting period would have increased/ (decreased) the Group's and the Company's profit before tax by RM571,981 and RM570,595 (2022: RM393,407 and RM393,163) respectively, arising mainly as a result of lower/higher interest expense on floating rate loans and borrowings. This analysis assumes that all other variables remain constant. The assumed movement in basis points for interest rate sensitivity analysis is based on the currently observable market environment.

33. Financial Instruments (Cont'd)

(c) Fair value of financial instruments

The carrying amounts of short-term receivables and payables, cash and cash equivalents and short-term loans and borrowings approximate their fair value due to the relatively short-term nature of these financial instruments and/or insignificant impact of discounting.

The carrying amount of long-term floating rate loans and borrowings approximately their fair value as they will be re-priced to market interest rate on or near reporting date.

It was not practicable to estimate the fair value of investment in unquoted equity due to the lack of comparable quoted prices in an active market and the fair value cannot be reliably measured.

The table below analyses financial instruments carried at fair value, together with their fair value and carrying amounts shown in the statements of financial position.

	Fair value of financial instruments carried at fair value		Carrying amount	
	Level 1	Level 2	Level 3	
	RM	RM	RM	RM

Other investments	57,645	-	-	57,645
2022 Financial asset				
Other investments	55,783	-	-	55,783

The fair value above has been determined using the following basis:

• The fair value of other investment was determined by reference to the quoted prices provided by financial intermediaries.

Transfer between levels of fair value hierarchy

There is no transfer between levels of fair value hierarchy during the financial year.

36. Capital Management

The Group's and the Company's objectives when managing capital are to safeguard the Group's and Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group and the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Group and the Company monitors capital using a gearing ratio, which is the net debt divided by total equity. The Group and the Company include within net debt, lease liabilities and bank borrowings less cash and cash equivalents. The Group's and Company's policy are to maintain a prudent level of gearing ratio that complies with debt covenants and regulatory requirements. The gearing ratios at the end of the reporting period are as follows:

There were no changes in the Group's and the Company's approach to capital management during the financial year.

37. Significant and Subsequent Events

During the financial year, the following significant and subsequent events took place for the Company and its subsidiary companies:

- (i) On 22 February 2023, the Company had acquired 5.38 acres warehouses 3 located at Pulau Indah Industrial Park, Port Klang. With a total build-up area of 136,803 square feet, the modern warehouse facility features approximately 125,000 square feet warehouse storage space and is able to cater up to 20,000 pallets with 24 loading bays and a 3-storey office building. The estimated construction costs will be approximately RM22,000,000, part finance by own fund and bank loan.
- (ii) On 31 January 2024, the Company had entered into the Sales and Purchase Agreement with Central Spectrum (M) Sdn Bhd, for the acquisitions of 3 contiguous parcels of leasehold land located in Pulau Indah Industrial Park, Port Klang measuring approximately 12.85 acres in total for an aggregate cash consideration of approximately RM42,000,000.

38. Date of Authorisation for Issue of Financial Statements

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the Directors on 22 April 2024.

Notice of 32nd Annual General Meeting (Cont'd)

EXPLANATORY NOTES:-

1. Audited Financial Statements for the Financial Year Ended 31 December 2023

The Agenda No. 1 is meant for discussion only as Section 340(1)(a) of the Companies Act 2016 provide that the audited financial statements are to be laid in the general meeting and does not require a formal approval of the shareholders. Therefore, this Agenda item is not put forward for voting.

2. Ordinary Resolutions 1 and 2: Re-election of Directors

Clause 165 of the Constitution of the Company provides that at every AGM, one third (1/3) of the Directors at the date of the notice convening the AGM will retire from office unless elected or re-elected at the AGM. The directors retiring will be those longest in office since their last election, If Directors were elected on the same day, the Directors to retire will either be as agreed between those Directors or by lot. If the total number of the Directors is not three (3) or a multiple of it, the number nearest to one-third (1/3) will retire.

The performance of the Directors who are recommended for re-election has been assessed through the Board annual evaluation. The Nomination Committee and the Board are satisfied with the performance and effectiveness of Dato' Markiman Bin Kobiran and Dato' Hew Han Seng who are due for retirement as Directors, and being eligible, have offered themselves for re-election at the 32nd AGM.

3. Ordinary Resolutions 3 and 4: To Approve the Payment of Directors' Fees and Other Benefits Payable

Section 230(1) of the Companies Act 2016 provides amongst others, that "the fees" of the Directors and "any benefits" payable to the Directors of public company or a listed company and its subsidiaries, shall be approved at a general meeting.

The Company pays Directors' fees and benefits to the non-executive directors. The Board wishes to seek shareholders' approval for the payment of a maximum aggregate amount of RM120,000 for Directors' fees and a maximum aggregate amount of RM9,000 for the payment of other benefits to the non-executive Director of the Company for the period commencing from the conclusion of the 32nd AGM up to the conclusion of the 33rd AGM of the Company.

Directors' benefits include allowances and other claimable benefits which calculated based on the current Board size and the number of schedule meetings for the period commencing from the conclusion of the 32nd AGM up to the conclusion of the 33rd AGM of the Company.

In the event the proposed amount is insufficient (e.g. due to more meetings or enlarged Board size), approval will be sought at the next AGM for additional fees to meet the shortfall.

4. Ordinary Resolution 6: Authority to Issue Shares Pursuant to Sections 75 and 76 of the Companies Act 2016

The Ordinary Resolution 6, if passed, is a renewal of General Mandate to empower the Directors to issue and allot shares up to an amount not exceeding 10% of the issued share capital of the Company for the time being for such purposes as the Directors consider would be in the best interest of the Company. This authority, unless revoked or varied by the Company at a General Meeting, will expire at the next AGM.

The General Mandate will provide flexibility to the Company for any possible fund-raising activities, including but not limited to further placing of shares, for the purpose of funding future investment project(s) workings capital and/or acquisitions at any time without convening a general meeting as it would be both costs and time consuming to organize a general meeting.

There is no ordinary share was issued pursuant to the general mandate granted to the Directors at the 31st AGM held on 20 June 2023 and which will lapse at the conclusion of the 32nd AGM.

Pursuant to Section 85 of the Companies Act 2016 read together with Clause 31 of the Constitution of the Company, shareholders have pre-emptive rights to be offered any new shares in the Company which rank equally to the existing issued shares in the Company or other convertible securities.

Notice of 32nd Annual General Meeting (Cont'd)

Section 85(1) of the Companies Act 2016 provides as follows:

- "85. Pre-emptive rights to new shares
- (1) Subject to the constitution, where a company issue shares which rank equally to existing shares as to voting or distribution rights, those shares shall first be offered to the holders of existing shares in a manner which would, if the offer were accepted, maintain the relative voting and distribution rights of those shareholders."

Clause 31 of the Constitution of the Company provides as follows:

- "31.1 new share or convertible securities must be offered, before issue, to shareholders entitled to receive notices from the Company of General Meetings;
- 31.2 the offer must, as far as circumstances allow, be in proportion to the amount of existing shares or securities to which such shareholders are entitled;
- 31.3 the offer must be by a notice which specifies the number of shares or securities offered and which limits the time within which, the offer must be accepted or be treated as declined;
- 31.4 if the offer is not accepted within such time or if such shareholders decline to accept the offer, the Board may dispose of those shares or securities in a way which they decide as most beneficial to the Company;
- 31.5 the Board may also dispose of any new share or security which the Board consider cannot be conveniently offered under this Clause 31 on grounds of the ratio which the new shares or securities bear to shares or securities held by shareholders entitled to such an offer."

The proposed Ordinary Resolution, if passed, will exclude your pre-emptive right to be offered new shares and/or convertible securities to be issued by the Company pursuant to the said Ordinary Resolution.

No 1 (Lot 48), Jalan Sungai Chandong 24/KS11, Taman Perindustrian Pulau Indah (Fasa 3), 42920 Pulau Indah, Selangor, Malaysia

Meeting Platform : www.propollsolutions.com.my (Domain registration number D1A403203)

VIRTUAL MEETING

The 32nd AGM of Tri-Mode System (M) Berhad ("**Tri-Mode**") will be conducted as a fully virtual meeting through live streaming and online remote voting using the Remote Participation and Voting ("**RPV**") Facility. This is in line with the Guidance and FAQs on the Conduct of General Meetings for Listed Issuers issued by the Securities Commission Malaysia on 16 July 2021 and as revised or amended from time to time.

Please note that it is your responsibility to ensure the stability of your internet connectivity throughout the 32nd AGM as the quality of the live webcast and online remote voting are dependent on your internet bandwidth and stability of your internet connection.

NO SHAREHOLDERS/PROXIES/CORPORATE REPRESENTATIVES/ATTORNEYS from the public shall be physically present nor admitted at the Broadcast Venue on the day of the 32nd AGM.

RPV FACILITY

Shareholders are to participate, speak (in the form of real-time submission of typed texts) and vote remotely (collectively, "**participate**") at the 32nd AGM using the RPV Facility provided by Propoll Solutions Sdn Bhd, the poll facilitator of the 32nd AGM, via its website at www.propollsolutions.com.my ("Propoll Portal") (Domain registration number D1A403203).

Shareholders may use the Q&A platform in Zoom Cloud Meetings App to submit questions in real time during the 32nd AGM. Shareholders may also submit questions to the Board of Directors ("Board") prior to the 32nd AGM by emailing to <u>corporate@tmsgroup.com.my</u> no later than 11:00 am on 20 June 2024 or via the Q&A platform in the Propoll Portal from 2.00 pm on 14 June 2024 up to 10.30 am on 20 June 2024. If there is time constraint in answering the questions during the 32nd AGM, the answers will be emailed to respective shareholder who raised the questions.

If you wish to submit your questions through the Q&A platform via the Propoll Portal, you must first register as a user at the Propoll Portal. Thereafter, you may select "My Virtual Meeting" under the Main Menu and click on the Q&A platform to post your question(s).
